

Finished product	Qualifying process to be performed within the Area
ex 31.05 Ammonium phosphates containing not less than six milligrammes of arsenic per kilogramme	Manufacture from materials not falling in 28.04, 28.10, 28.40 or 31.05
<i>Chapter 32. Tanning and dyeing extracts; tannings and their derivatives; dyes, colours, paints and varnishes; putty, fillers and stoppings; inks.</i>	
32.01 Tanning extracts of vegetable origin	Manufacture from materials not falling in 32.01 to 32.03
ex 32.01 Tanning extracts in liquid or powder form	Manufacture from tanning extracts in solid form (ex 32.01) or from materials not falling in 32.01 to 32.03
ex 32.01 Quebracho extract containing not more than 4 per cent by weight of insoluble quebracho	Manufacture from quebracho extract containing more than 4 per cent by weight of insoluble quebracho or from materials not falling in 32.01 to 32.03
32.02 Tannings (tannic acids), including water-extracted gall-nut tannin, and their salts, ethers, esters and other derivatives	Manufacture from materials not falling in 32.02
32.03 Synthetic tanning substances; whether or not mixed with natural tanning materials; artificial bates for pre-tanning (for example, of enzymatic, pancreatic or bacterial origin)	Manufacture from materials not falling in 32.03
32.04 Colouring matter of vegetable origin (including dyewood extract and other vegetable dyeing extracts, but excluding indigo) or of animal origin	Manufacture from materials not falling in 32.04
ex 32.05 Synthetic organic dyestuffs (including pigment dyestuffs), other than azoic dyes; synthetic organic products of a kind used as luminophores; products of the kind known as optical bleaching agents, substantive to the fibre	1) Manufacture from any carbon-containing cyclic compound by two chemical transformations, provided that not more than one diazotisation and coupling reaction shall be counted as a chemical transformation
ex 32.05 Azoic dyes	1) Manufacture from a stabilized diazonium salt and a coupling component each of which shall be of Area origin

1) See Note 11 of the Special Introductory Notes relating to products falling within Chapter 29 and heading 32.05.
