

- (b) the time and date of the occurrence of the incident;
 - (c) the geographic position of the ship when the incident occurred;
 - (d) the wind and sea conditions prevailing at the time of the incident; and
 - (e) relevant details respecting the condition of the ship.
- (2) Each report shall contain, in particular:
- (a) a clear indication or description of the harmful substances involved, including, if possible, the correct technical names of such substances (trade names should not be used in place of the correct technical names);
 - (b) a statement or estimate of the quantities, concentrations and likely conditions of harmful substances discharged or likely to be discharged into the sea;
 - (c) where relevant, a description of the packaging and identifying marks; and
 - (d) if possible the name of the consignor, consignee or manufacturer.
- (3) Each report shall clearly indicate whether the harmful substance discharged, or likely to be discharged is oil, a noxious liquid substance, a noxious solid substance or a noxious gaseous substance and whether such substance was or is carried in bulk or contained in packaged form, freight containers, portable tanks, or road and rail tank wagons.
- (4) Each report shall be supplemented as necessary by any other relevant information requested by a recipient of the report or which the person sending the report deems appropriate.

Article V

Supplementary Report

Any person who is obliged under the provisions of this Protocol to send a report shall, when possible:

- (a) supplement the initial report, as necessary, with information concerning further developments; and
- (b) comply as fully as possible with requests from affected States for additional information concerning the incident.
