

(A) *Ballasting of dedicated clean ballast tanks*

101. Identity of tank(s) ballasted			
102. Date and position of ship when water intended for flushing, or port ballast was taken to dedicated clean ballast tank(s)			
103. Date and position of ship when pump(s) and lines were flushed to slop tank			
104. Date and position of ship when additional ballast water was taken to dedicated clean ballast tank(s)			
105. Date, time and position of ship when (a) valves to slop tank, (b) valves to cargo tanks, (c) other valves affecting the clean ballast system were closed			
106. Quantity of clean ballast taken on board			

The undersigned certifies that, in addition to the above, all sea valves, cargo tank and pipeline connexions and connexions between tanks or inter-tank connexions, were secured on the completion of ballasting of dedicated clean ballast tanks.
